Hillingdon Council Elections - 3rd May 2018

PUTTING RESIDENTS FIRST

Local elections are not about right or left political dogma. They are about what is best for local people. Under a **Conservative Administration**, Hillingdon Council is financially stable, well managed and now recognised as one of the best councils in the country. No one of whatever political colour can deny this if they are honest.

In Hillingdon, Labour have now accepted this and they recognise that they simply cannot come anywhere near replicating either our strong leadership, or financial ability. Instead, if elected they would let the Council run as a co-operative of committees.

What has, and is continuing to be achieved could be so easily lost as demonstrated recently when **Hillingdon Labour Councillors voted unanimously against the Council Tax freeze, weekly refuse & recycling collections, continued investment in our parks and open spaces, schools, roads, libraries and leisure centres, as well as our programme of support for residents over 65 and youth groups.**

I am privileged to lead a group of like minded colleagues, equally committed to the borough that is our home and I am delighted that we have been able to strengthen the Conservative team and have the best candidates in place to serve at both Ward and Council levels. I am proud of our record of achievement over the past sixteen years and am happy to be judged on that record on the 3rd May. Politicians will always make promises but in Hillingdon the Conservative Administration have an enviable record of delivery matched by no other party. For us it really is about **'Putting Residents First'**.

Ray Puddifoot MBE, Hillingdon Conservative Leader.

KEEP MOVING FORWARD WITH HILLINGDON CONSERVATIVES

Since 2010 **Hillingdon Conservatives** have reduced the cost of running the Council by £118 million, but unlike other councils who have cut services and closed facilities, we have done the reverse, improving both services and facilities.

We have rebuilt or refurbished every library, invested record amounts in road resurfacing and now have the safest roads in London, the best parks in the United Kingdom for five consecutive years, one of the largest schools building programmes in London, low parking charges, provided a weekly free to use refuse and recycling collection and at the same time frozen council tax for 10 years (12 for the over 65s).

Realistically if Hillingdon is to maintain all that has been achieved and keep moving forward, given the financial challenges that we know still lay ahead for local authorities, there is no credible alternative to a **Conservative Administration**, amongst the **Labour Co-op 'Copout'** and the smaller parties and individuals seeking election.

KEEP MOVING FORWARD

NO GOING BACK

BACKWARDS FOR THE MANY NOT THE FEW WITH LABOUR

It is easy to forget the state of Hillingdon when Labour were last in power:

- A Council Tax increase of 12%.
- A budget with a projected shortfall of £13million.
- Green Belt areas from Hillingdon House Farm to Yiewsley Recreation Ground and numerous allotment sites threatened by building schemes.

Labour's inability to consider the cost, or funding source, of any proposal in their current far left manifesto demonstrates a level of incompetence that is indicative of their current thinking, which is so worrying to many, including traditional Labour supporters, and if allowed to happen would simply be a **Co-op of Chaos**.
